Good Sam is Coming, Super Silent Auction

Hard to believe that as I write this there are only 2 more months until the Good Sam Show. Just went to the Tom Bishop Show, looking forward to the CHAMPS show in a month, and then Good Sam. What a great 3 months for miniaturists in the bay area. We will have a silent auction on Saturday from 10 to 2. Two dynamite items have already come in to us. Pat Carter is bringing, from the estate of Cris Limn, the 1991 "Captain's Room" made at Kay Fisher's "College of Miniature Knowledge". The outside could use a bit of paint, but the interior is spectacular. Another piece is "Save The Last Dance For Me", courtesy of Martha Puff and her son, Michael. If you know the Puff's work, you know that this is a high quality piece. There will be other pieces coming as well, so bid early and bid often. And remember, if two people are trying to win the same piece at 2 p.m., they may both present a written final bid when the auction ends. No need to try to keep each other from bidding or snatching a bid sheet away.

We have an 11th foreign dealer now, Barbara Greene-Flindell of Silver Fox Creations. She has moved into quarter scale, so watch for her table. The Guys From Texas workshop is sold out, and Peter Tucker's workshops are filling rapidly. We also have a number of Friday workshops, however, and most still have some room. Check them out in the mailer you already received, or on our web site at <http://goodsamshowcase.miniature.net> for pictures and more information. We'll see you October 9 and 10, we can hardly wait!

Fall again! How can it be fall again? It seems like yesterday that it was spring. Ah...how the time flies. This is my favorite time of year. The leaves are just beginning to turn but the weather is still warm...sometimes even hot. This past week the temperature changed by 30 degrees in a matter of 4 days. What a challenging time to figure out what clothes to wear. But the mini world is still around! Behind the scenes in houses all over the United States, people are starting to get excited about the National NAME Day coming up soon. There are plans afoot all over the US and many people are going to be building the same hutch on the same day! What fun!! I am planning on attending the NAME day in Nevada City. They are actually having a two night extravaganza and I'm really looking forward to just doing minis for 2 days. I hope that many of you will also be attending a festivity in your area or at least spending part of the day building the hutch. I think that this will be a fun day for all but will also get some press in the real world and there will be some education about NAME.

I must say that I envy those of you who live back east where the changing into the fall season is a wonderful, colorful backdrop the life. I've not been back east when the leaves are changing but I'm looking forward to having the time to travel so that I can plan on that. Maybe next fall! I hope that this edition of the newsletter finds you all doing well and indulging in the mini world I some way. Hummmm...that makes me think...perhaps the kits in the garage are calling me!

Two and one-half years ago, three volunteers of the Antioch Historical Society, who really liked miniatures and wanted to share both of their interests, decided to put on an Exhibit entitled "Miniatures – A Reflection of History. This gave the three of them the opportunity of sharing their own creations as well as those of other miniaturists in Contra Costa County, including the Mini Dreamers of Pinole. With this effort, and the patience and expertise of Nancy and Will Thomas, visitors to the Exhibit, the Delta Dolittles Club was born. We are all NAME members and are in the process of becoming a NAME Club. Now we are ready to do another Exhibit, this time in honor of the Centennial of our Museum building, the original Riverview Union High School, completed in 1911.

MINIATURE SCENES OF THE 19TH & 20TH CENTURY

The Antioch Historical Society and the Delta Dolittles invite all miniaturists in the N2 Region to participate in a special Miniature Exhibit to help celebrate the Centennial of our Museum building, the former Riverview Union High School, located at 1500 West Fourth St., Antioch, CA.

While all exhibits are welcome, we are especially looking for those that depict buildings, scenes and events prior to 1911. The Exhibit will be during the entire month of February, 2011. Viewing will be during regular Museum hours, Wednesdays and Saturdays from 1 to 4 pm, or by arrangement. There is no admission charge to our Museum. Please join us in this opportunity to share your creations as part of our Exhibition. Deadline for receiving applications is January 10, 2011

For further information and an application, please contact: Sandy Riggins at (925)757-5618 (s.riggins@comcast.net) or Carole Ann Davis at (925)754-0135 (cammini@aol.com)

It was an exciting time in July at the National in Seattle. The committee put on a wonderful convention. Aside from taking several great workshops, I attended the N2 meeting and the business meeting. I was pleased at how enthusiastic and motivated our leaders, old and new, are. And excited at the ideas and plans they have to further our wonderful hobby.

Please keep in mind the fall Flea Market being put on by the Wee Housers on **Saturday, November 13**. It will be at the same location as last year in San Mateo. We all had a great time last year and got some incredible bargains. Come to buy or sell items you no longer want. You don't want to miss this event!

We are in need of grab bag items. If you have items, get in touch with your state rep.

Come to sell and shop! Here's your chance to get rid of all those projects you'll never finish and all those miniatures you'll never use. And to find others at bargain prices!

Happy Miniaturing!

The Redwood Small World club's annual Play Day, held in March, was a big success. Our project was a quarter-round roombox finished with a quilting theme. Two of these roomboxes were entered in the local Redwood Acres Fair for judging and both won awards in their division and class. Our annual Play Day takes a lot of planning and preparation so work is already well underway on our 2011 Play Day project, a vintage-style market stall.

On May 1, Redwood Small World's "Street of Shoppes" had its first showing at a meeting of the local chapter of the AAUW (American Association of University Women). I don't think any of us realized that our shops would take quite so much of our free time to finish! Making or finding enough "stock" to fill them is a big job.

Eleven shops, at the time in various stages of completion, were lined up for viewing by more than 50 AAUW members who clustered two-deep on both sides of the display tables to examine them. The interest shown in our work, and the depth of questions asked about it, was very gratifying. It was also very interesting to discover that many AAUW members have an interest in the hobby themselves, or know someone or are related to someone who does.

Club member Carolynn Walden gave a talk at the AAUW meeting that discussed the miniatures hobby and its history, how the design of London shops and attitudes towards marketing and shopping have changed over the centuries, our Street of Shoppes project, our club and how members pursue the hobby "behind the Redwood Curtain", and then took questions from the audience. Carolynn's talk was so popular that she has been asked to speak at meetings of two other service clubs in Humboldt County.

The May 1 showing of our Street of Shoppes was a test run for a more formal display at the Redwood Acres Fair, held in Eureka June 23-27. The fair provided 24 feet of display space for the Street of

State Rep's Reports (cont.)

Shoppes, and this time, the shops were all completed and "open for business". The club opted not to have the shops judged as entries in the fair. Instead, the Redwood Acres Fair provided ballots for a Viewer's Choice winner. Carolyn Walden's "Piccadilly Masquerade" shop was selected by fairgoers as the over-all favorite. Sharon Ocheltree's "China Hutch" and Jackie Taylor's "Green Door Antique Shop" took 2nd and 3rd place in the Viewer's Choice ballot. Each day of the fair, a duo of Redwood Small World club members worked on miniature projects of their choice at the fair to demonstrate the hobby and answer questions from fair-goers.

The club will do-it-all-again at the upcoming Humboldt County Fair, held in Ferndale August 12-22 this year. Our "Street of Shoppes" will be on display, club members will give demonstrations of the hobby each afternoon, and members will enter their work for judging. Both of the fairs allow a team of club members to set up the Miniature Arts display after judging, to assure that all pieces are handled carefully and shown to their best advantage. The club sponsors a Best In Show prize for the Miniature Arts category at each fair.

Starting in September, we will display our work at local library branches in Humboldt County through the month of December! The Street of Shoppes is too large to display at any of the libraries, but we have lots of other stuff...old and new...that we are looking forward to sharing.

Hope all of you are managing to stay cool this summer. In Fresno we had a wonderfully cool June but then July got here and so did the HOT weather.

Six of our club went to Seattle for the National and we had a great time. Glendon Davis and I flew up on Monday the 12th to take Suzanne and Andys Tues and Wed workshop. Wednesday Kayanne Yung, her mother Annie Quock, her sister Suzanne Quock from N3, Richard Guimond, Carol Menze-Guimond, and her sister Wanda Leighton from Neb. arrived and were ready to mini.

I really have to tell you that I was mesmerized by the hedge hogs. I had never seen one and just had to touch it. Would you believe it felt just like my grandsons hair? And they didn't even have to use the goop to get it that way.

The Thurs before leaving for Seattle, Wanda Leighton taught our club a workshop attended by the entire club. We made 1/4 scale birdhouse furniture from her kits. The furniture looks really cute (can I use that word?) in a Michaels birdhouse with extra floors added.

We are still finishing our 5th

wheel trailers from a workshop taught by Luci Hanson last spring. Only a few have finished but the rest of us are looking forward to having a finished project.

We were very pleased to have a guest at our club meeting today. Christine Keene from Visalia. She has build a 1/2 scale model of the first house she and her husband bought in England. Build sometime in the late 1700's, the walls were 18" thick and the inner rooms were 12' wide. There was also a second floor consisting of all bedrooms. It too was only 12' wide. I am stunned --- our patio is 12' wide!!! We all enjoyed hearing about the house and how she built her 1/2 scale house.

There will be 6 of us going to the NAME Day at Nevada City the first of Oct. and then Good Sam is the weekend after. See you there!!!

It was great to see so many N2 members at the Seattle National Convention in July! We also had a good turnout at the Regional Meeting that was

held. Remember to check your Gazettes for the upcoming events and their registration dates. They will be here before you know it.

For anything we forgot to buy in Seattle we were able to do some post-Houseparty shopping at the end of July at the Tom Bishop Show in San Francisco.

Just a reminder about some future events:

Friday, Sept 10, 2010 (5p - 9p) and **Saturday Sept 11,** (10a - 4p) is the CHAMPS Show. The show has a new location: 7007 Moeser Lane in El Cerrito.

I don't know how many got a chance to read the article but Diane Walter from the Mini Dreamers mentioned that there had been an article on Cindy Lovesy and her minis that appeared in the local newspapers in early June. (Congratulations Cindy!)

Some additional news from Diane:

The Mini Dreamers have been meeting at my house since November while Joan Kunze has been recovering from surgery. She is back on her feet and hosting the meetings again. Welcome back

State Rep's Reports (continued)

Joan, you have been missed. We do have openings for 3 new members, so if anyone is looking for a club to join in the East Bay area, get in touch with Diane Walter 510-724-0587 or Jandi2000@Comcast.net. We are a VERY active club that meets every Monday evening 7-9PM, Attend workshops, N-2 activities, Shows, Shopping, and are hosting the 14th Annual CHAMPS SHOW AND SALE benefiting Children's Hospital Oakland. We work on all scales, share ideas, and techniques, and enjoy our time together. Three of us attended the new workshop in Carson City. A really cute project and the committee worked hard to put on a fun event. Two of us will be attending the House-party in Seattle. So with all the other upcoming events we will be "playing Mini's" up through November. Now that is a full calendar. Hope to see everyone at the Champs Show in our NEW LOCATION. For those of you that have never managed to get there we look forward to sharing our fun and mini's with you, while supporting our wonderful hospital. Diane Walter (Definitely put these dates on your calendar. The Mini Dreamers in the East Bay do a great job with this show.)

From the other end of the East

Bay, The Antioch Historical Society and the Delta Dolittles are inviting all miniaturists in the N2 Region to participate in a special Miniature Exhibit (to be held during the entire month of February 2011), to help celebrate the Centennial of the Museum building, located at 1500 West Fourth St., Antioch, CA. I believe there is an article in this newsletter from Carole Ann Davis with more details about the event and the exhibits. Of course whether you exhibit or not be sure to stop by next year. For further information and an application (due back by January 8, 2011 but the sooner you get them back the better), please contact:

Sandy Riggins at (925)757-5618 (s.riggins@comcast.net) or

Carole Ann Davis at (925)754-0135 (cammini@aol.com)

October 2nd is National NAME Day and the project will be a hutch. Pictures of the hutch are in the most recent Gazettes. I won't be able to attend the local area event but my friend and I plan on ordering the hutches so we can still work on them on the 2nd.

October 9th & 10th 2010 is the Good Sam Show in San Jose (with classes on the 8th.) This will be their second year at the new location.

Sadly the Miniacs of San Francisco have decided not to have any further meetings. However if there are any members interested in forming a new club in the San Francisco or Tri-County Area please let me know. It was interesting to find out at the Regional Meeting that clubs aren't restricted or required to meet once a month so if any one has ideas for getting together at any time please let me know.

Hello, all you miniature enthusiasts. I am now the new state representative for Stockton, Sacramento, Placer county to Nevada City regions. I hope to meet each of you this coming year. I wish to visit your clubs and help in any way I can in my capacity as your state rep.

I have been "into" miniatures since I was a child but my interest really took off in the early 70's. I began making flower arrangements and accessories for my young daughter's dollhouse. I had more fun than she did placing pieces in just the right spots. I eventually

realized I "needed" a dollhouse for my special pieces so I wouldn't be taking over her house. Thus began a lifetime of collecting and making minis. I'm proud to say that this hobby is an addiction that I never wish to recover from.

So many shows and events left this year to see and our first national N.A.M.E. Day project to do. I'm excited to become an active part of this association.

Please contact me with any questions or concerns you might have at olpos-minis@att.net See you soon!

 Becky Ray**

Becky Ray, a long time member of NAME, died in her sleep July 30th, 2010 at 91 in San Jose, Calif. She was a charter member of The Twelfth Nighters and 2 other NAME clubs, having discovered miniatures in 1976. Becky and her husband had 5 buildings in the Phelan City exhibit shown several times at the Good Sam Show and at an Anaheim NAME Houseparty. She and Spencer attended several houseparties, and Becky served on a couple of houseparty committees. They were known for building from scratch, from the structure clear down to the accessories, and had a mini museum that filled a bedroom and a large hallway. Becky made miniatures until Parkinson's robbed her hands of the ability. She was loved by all for her cheerful disposition, her quick wit and her gentle soul. She was my best friend for 45 years.
